

Board Member Spotlight

Javier Cano

Area General Manager, Los Angeles
Marriott International

Why do you volunteer as a foundation board member?

JC: I love the mission of California Hospital. We have so many employees (over 1,000 at the JW Marriott Los Angeles L.A. Live alone!) who live in the communities that are served by the hospital. I feel it is very important to be involved in the community in which our hotel resides, and I want to do anything that I can to help such an important institution in the community.

Why is philanthropy important to our community?

JC: It's important to support the culture of paying it forward, which ultimately means helping those in need.

What's a fun fact about you?

JC: I've been with Marriott for 44 years and I have six grandchildren.
